I'm on Team Carris! It's time to send a businessperson to Washington to represent the 10th Congressional District of Illinois.

Jim Carris has spent his life in business practicing law, running his own company, and as a corporate leader. His career, as well as watching his father run a small business, has provided Jim with the understanding of the costs and hardships small businesses contend with and the struggles that 10th Congressional District families deal with due to burdensome government overregulation, inflation, and high taxes.

Jim will work to get inflation under control, cut taxes, lower gas prices, eliminate costly government overregulation and reduce the cost of living so that people and businesses can thrive.

I've signed up to volunteer for Jim's campaign. Have you? Visit www.carrisforcongress.com to join Team Carris and follow @CarrisforCongress for updates. #carrisforcongress #IL10

I support Jim Carris for Congress! Jim is a decades-long resident of Lake County running in Illinois' 10th Congressional District to change the trajectory of our country by passing policy solutions based on independence, compassion, and common sense in Washington that represent OUR DISTRICT, not a political party.

Jim has spent his life in business practicing law, running his own company, and as a corporate leader and he understands the struggles that 10th District families and businesses deal with due to burdensome government overregulation, inflation, and high taxes.

Jim will work across the aisle to deliver results. He's a new, independent leader who will make the economy, public safety, and national security his focus.

Visit www.carrisforcongress.com to join Team Carris and follow @CarrisforCongress for updates.
